Representative Jan Schakowsky
Congreso de los Estados Unidos de America
Washington D.C. 20515

Honorable Representative Schakowsky,

I write to you as an american citizen born in New Orleans, LA and currently residing in Miami, Florida, in relation to a letter that 52 members of Congress and the Senate, including yourself, sent to President Donald J. Trump on October 24th, 2018¹, in which you and your colleagues mention and refer to my father, Mr. Billy Joya, as "...Billy Joya, **the reported death squad leader, has threatened political opposition leaders and Bertha Oliva, the director of the Committee of Families of the Detained and Disappeared of Honduras (COFADEH)...**

I am certain based on documental, testimonial and forensic evidence, that you and your colleagues, honorable congresswoman, were misled with false and manipulated information about my father, Mr. Billy Joya, which led to his inclusion in your letter.

My father's life long track record has been that of a patriot, a man that stood shoulder to shoulder with the United States of America fighting for democracy and against communism, as an intelligence officer, during the 1980's. My father was trained and certified in Washington D.C. as Chief for the "Mobile Search Teams (MSTs)" Program, which operated with funds from your government in Honduras, Guatemala, El Salvador and Costa Rica to detect and block the traffic of weapons, ammunition and explosives that the Sandinista Revolution was sending from Nicaragua to the different terrorist groups that operated in Central America at the time.

So much so, that a vast part of my father's career as an intelligence officer during that time, was published in a book by Mr. Richard G. Irwin, the American intelligence officer who served as my father's counterpart for the American government in the development and implementation of the "Mobile Search Teams (MSTs)" Program in Honduras.

In his book titled, "**KH601, And Ye Shall Know the Truth and Truth Shall Make You Free, My Life in the Central Intelligence Agency**", agent Irwin, mentions Billy Joya, on 9 separate occasions between pages 97 and 135 of chapter 7 titled "Honduras: Intercepting arms, ammunition, explosives and narcotics", detailing the active role that my father had in joint operations with the American government for the interdiction of arms, ammunition, explosives and narcotics, while my father was the officer in charge of the anti bomb-squad and canine unit as well as the Mobile Search Teams (MSTs), including operations where my father served as a liaison with the United States Secret Service for the official visit to Honduras of vicepresident Dan Quayle in June of 1989.

Honestly, Representative Schakowsky, my father Billy Joya has been a great friend to the United States of America since the 1980's. He has been a strong defender of democratic values in Honduras and Latin America as well as a staunch critic and opponent of totalitarian dictatorships like the Castro, Chavez and Ortega regimes of the region.

¹ Letter sent to President Donald J. Trump signed by 52 members of the United States Congress.

As a retired officer in 2009, my father was invited to Washington by members of your intelligence community, where he received a badge and a diploma that he still holds to this date which reads "*In Recognition of Distinguished Service...To Billy Joya for outstanding and Valuable Service to The United State of America*".

However, my father's ideological enemies attempt to destroy his good name and his democratic spirit, for maintaining a close profesional relationship with american intelligence and government agencies during the 1980's and they continue to slander him for publicly and consistently criticizing the communist and socialist dictatorships of the twenty first century, in addition to having denounced the Castro-Chavista regime's influence in Honduras.

My father has been unjustly accused, slandered and persecuted for more than three decades, jeopardizing his life, as well as my family's. Amazingly enough, honorable congresswoman, all this has been done to my father, "without anyone ever presenting a single shred of evidence against him, publicly or in a court of law", seeking to assasinate his good name, not for his actions but for his ideals and democratic postures.

In short, honorable congresswoman, it will be your investigation teams, with access to your own sources of information such as the American Embassy in Honduras, the Department of State, the Central Intelligence Agency and the Southern Command, who can verify the real information and historical facts about my father.

Annexed to this letter, you will find a list of evidence including sworn testimonies, court rulings, trial records, videos, interviews, articles, and more information that if thouroughly analyzed by your teams, will unequivocally demonstrate, that you and your honorable colleagues where surprised in your good faith with false information about Mr. Billy Joya.

Esteemed members of congress, as an american citizen and defender of the values and principles that govern our democracy, I respectfully demand that my father's human rights, like his right to human dignity and a good name, his presumption of innocence, his legitimate right to defend himself from slander, his right to not be discriminated for his ideas as well as his most basic human and civic rights be respected and enforced.

Respectfully,

A handwritten signature in black ink, appearing to read 'C. Joya', written over a horizontal line.

 10. **The myth of batallion 3-16** was used by the Honduran General Attorney's office (1994-1998) as manipulated evidence to accuse Mr. Billy Joya without any legal merits on all of his cases. The attached evidence proves that the intelligence unit known as batallion 3-16 was created until 1984 and didn't even exist at the moment that the alleged human rights violations took place in the year 1982. Demonstrating as well that in all charges brought forth against Mr. Billy Joya, the prosecution's own witnesses and victims testified under oath that their captors belonged to the DNI (Dirección Nacional de Investigación), a unit of the Honduran Police, of which Mr. Billy Joya was never been a member of, in the entirety of his career.
